

# UMER USMAN

## UI/UX DESIGNER & GRAPHIC DESIGNER

Lahore Pakistan | umermani098@gmail.com

### SUMMARY

I'm Umer Usman — a design enthusiast passionate about UI/UX and Graphic Design. With hands-on experience in wireframing and prototyping using Figma, I create clean, user-friendly interfaces that solve real problems.

### TECHNICAL SKILLS

Figma	Adobe Photoshop	Visual Design Principles
Prototyping Tools	Adobe Illustrator	Layout Composition
Wireframing	User Research	Branding Basics

### PROFESSIONAL EXPERIENCE

#### Techietribe

May - July 2025

- Designed marketing materials, social media posts, and branding elements using Photoshop and Illustrator
- Learned to follow brand guidelines and work within deadlines
- Created a design system and reusable components to speed up the design process and reduce revision time
- Designed basic wireframes and prototypes using Figma, focusing on mobile app and website layouts
- Worked on improving user journeys, visual hierarchy, and layout alignment through practice projects

### EDUCATION

#### UI/UX Design Course

March - 2025

Institute of Emerging Careers (IEC)

- Practiced wireframing, prototyping, and basic user flow design using Figma
- Gained hands-on experience by working on mock projects and real-world case studies

#### Intermediate

2024

Arif Higher Secondary College

- Studied core subjects including Fine Arts, Education, and Islamic Studies

### ADDITIONAL INFORMATION

- Languages:** English, Urdu
- UI/UX Design Certificate:** Completed with practical training in Figma, wireframing, and prototyping. (Certificate available)
